RAM DRIVER QUOTES

"We have a new Reese Towpower RAM this weekend. The guys at the Penske Racing motor shop were able to find us some engine improvements over the last couple of months and hopefully that'll help our performance. We're coming off a great momentum builder at Dover getting that breakthrough run that we've been looking for all year. Texas is one of my favorite tracks and the June race is one of my favorite mile-and-a-half races. It's fast, it's got a ton of banking and it's a place that really rewards a driver that can take care of equipment and take care of the tires over a long run. "

- RAM has captured the manufacturer's championship three times in the 17-year history of the series – 2001, 2003 and 2004.
- Tony Raines gave RAM its first win in the series in 1997, winning at I-70 Speedway in Odessa, Mo.
- RAM won 15 of the 24 NCWTS races during the 2001 season, 13 of 25 in 2003 and 11 of 25 in 2004.
- There have been 423 races in the NCWTS beginning at Phoenix International Raceway on Feb. 2, 1995. There were three RAM drivers – Joe Bessey, Bob Keselowski and Walker Evans – in the 33-truck starting field. Bessey scored a fourth-place finish while Mike Skinner took the win.

RAM TALK

"We're really looking forward to Texas. We'll try to build upon what we did at Dover. For the race, we have to get our RAM where the driver can hold it wide open for a long period of time so handling does play a role in it."
