March 18, 2022, Auburn Hills, Mich. - The [2022 Jeep® Renegade](#) – known for its best-in-class off-road capability – is getting a bold appearance to match its valiant mission to donate funds that help fight global health emergencies. The new Jeep Renegade (RED) special edition, now available for order in the U.S., is part of a [multi-brand Stellantis partnership](#) with the (RED)® campaign to support the critical work of the Global Fund over the next three years.

“The Jeep brand is uniting with (RED) and several Stellantis brands to help fund life-saving health programs around the world,” said Jim Morrison, senior vice president and head of Jeep brand North America. “A percentage from the sales of every Jeep Renegade (RED) and Jeep Compass (RED) special editions will help support the critical work of the Global Fund and the fight against pandemics.”

Based on the popular Latitude trim, the special-edition Jeep Renegade (RED) has a U.S. manufacturer’s suggested retail price (MSRP) of \$29,590 (does not include \$1,595 destination) and features Colorado Red mirror caps, body-color painted roof, black roof rails, 19-inch Granite Crystal aluminum wheels and unique (RED) badging. The contemporary interior includes black cloth bucket seats with Ski Gray stitching, Trailhawk Ruby Red speaker and vent bezels, leather-wrapped steering wheel, console and shifter, plus Uconnect 4 with a standard 8.4-inch touchscreen display and GPS navigation – the largest standard navigation system in its class.

The Jeep Renegade (RED) special-edition 4x4 model comes standard with a 1.3-liter turbocharged four-cylinder engine mated to a segment-first nine-speed automatic transmission. The Jeep Active Drive full-time 4x4 automatic system delivers seamless operation in and out of four-wheel drive, at any speed with no driver intervention. Adding to the Renegade’s best-in-class off-road capability is the segment-exclusive disconnecting rear axle and Power Transfer Unit (PTU) to provide 4x4 models with enhanced fuel economy.
