Stellantis CEO Carlos Tavares Delivers CES 2023 Keynote Address With Ram and Peugeot Unveiling New Concepts

December 1, 2022, Auburn Hills, Mich. - Stellantis N.V. CEO Carlos Tavares has been invited by [CES](#), the world's most influential tech event, to deliver a keynote address on Thurs., Jan. 5, 2023, in the Venetian Palazzo Ballroom in Las Vegas.

The keynote address includes the global unveils of the [Ram 1500 Revolution](#) battery-electric vehicle (BEV) concept and the Peugeot Inception Concept. The presentation will chronicle Stellantis' vision of making mobility clean, safe and affordable for all.

Loaded with exclusive advanced technology features and based on STLA Frame, the BEV-by-design body-on-frame architecture, the Ram Revolution BEV Concept is a visionary road map and a glimpse into the future, showing how the leading truck brand will once again redefine the pickup truck segment.

The Peugeot Inception Concept will showcase how the brand takes advantage of the next generation of cockpit platforms to reinvent the whole automobile experience, redesigning the interior space and reshaping driving gestures around the next generation of the Peugeot i-Cockpit.

The Stellantis keynote at CES 2023 is scheduled for 2 p.m. PST/5 p.m. EST/11 p.m. CET on January 5, 2023. Details on press materials related to the event and streaming broadcast of the presentation will be available at a later date and posted on the company's [corporate website](#).

Additional Stellantis executives who lead technology and brands will be available for media interactions.

Stellantis

Stellantis N.V. (NYSE: STLA/ Euronext Milan: STLAM/ Euronext Paris: STLAP) is one of the world's leading automakers aiming to provide clean, safe and affordable freedom of mobility to all. It's best known for its unique portfolio of iconic and innovative brands, including Abarth, Alfa Romeo, Chrysler, Citroën, Dodge, DS Automobiles, Fiat, Jeep®, Lancia, Maserati, Opel, Peugeot, Ram, Vauxhall, Free2move and Leasys. Stellantis is executing its Dare Forward 2030, a bold strategic plan that paves the way to achieve the ambitious target of becoming a carbon net zero mobility tech company by 2038, while creating added value for all stakeholders.
