Alfa Romeo Announces All-new Tonale Official EnerGuide Electric Range and 3.1 L_e/100 km as Vehicles arrive in Canada

May 31, 2023, Windsor, Ontario -

The all-new Alfa Romeo Tonale has completed final EnerGuide testing with an electric range of 53 kilometres and combined 3.1 L_e/100 km rating. Total range of the Alfa Romeo Tonale with a full battery charge is 573 kilometres.

"We are happy to announce the official electric range of 53 kilometres and 3.1 L_e/100 km for the Alfa Romeo Tonale, which will allow many of our customers to drive their daily commutes without tapping the fuel tank," said Larry Dominique, SVP, Head of Alfa Romeo North America. "The Alfa Romeo Tonale represents the beginning of our transformation to greater electrification while staying true to the performance characteristics our customers expect from the brand, including a best-in-class 285 horsepower."

The Tonale is the most efficient plug-in hybrid C-SUV in the segment. The advanced powertrain system uses the 1.3-litre MultiAir turbocharged four-cylinder engine (180-horsepower) to provide torque to the front wheels. A high-voltage Belt Starter Generator mounted to the engine assists in greater efficiency, smoother drive cycle transitions and seamless stop-start capability. The Tonale's efficiency and performance is bolstered by a 15.5-kWh lithium-ion battery that drives a 90-kW electric motor on the rear axle with 184 lb.-ft. (250 Nm) of torque from 0 rpm. Total output is a best-in-class 285 horsepower and 347 lb.-ft. (470 Nm) of torque. The Alfa Romeo Tonale is shipping to dealerships now.

Tonale PHEV Canadian pricing:

Veloce - \$57,495

Sprint - \$54,995

Prices do not include a \$2,095 destination charge.
